

SOAP BOX DERBY®

Soap Box Derby® Corporate Derby Challenge Program Description

The Soap Box Derby's Corporate Derby Challenge is an easy and proven revenue-generating strategy to help you conduct a flourishing Derby program. The Corporate Derby Challenge can be held any time of the year or can be combined with your local race. You may choose to run this event individually or partner with local organizations or charities.

In addition to raising a significant amount of revenue for your organization the program also extends the Soap Box Derby brand which gives you more opportunities to recruit Board members, volunteers, sponsors, racers, and media attention.

Program Features

The program provides the opportunity for corporate teams to construct a Soap Box Derby adult car for team building exercises or the thrill of putting together these cars and racing them against other teams. The Soap Box Derby adult car is very similar to the Super Stock car with the exception of the shell and the airfoils. The assembly of the car takes about three hours and with your expertise can provide supervision with the construction to ensure correct production. Teams can test run the cars and compete against other teams. When the program is completed, their masterwork can be a showpiece.

Partnership Opportunities

Local organizations are always looking for new, creative and different ways to have a fun and successful fundraising event. By joining with these local organizations, you can tap into their resources for event planning and coordination, support, volunteers and advertising. Reach out to some of your local organizations, such as:

- Event Planners
- Hospitals
- Kiwanis
- American Red Cross
- Ronald McDonald House
- United Way
- Autism Society

Partnering with local Event Planners can provide an array of opportunities to promote the Corporate Derby Challenge to organizations looking for team building exercises or fundraising opportunities.

Soap Box Derby® Corporate Derby Challenge Program Description

Ways to Advertise

There are many outlets to advertise this program with little or no cost to you. You can use your website or social media outlets such as Facebook, Twitter, and Instagram. These are great ways to advertise this new program.

You can also use your existing email database to spread awareness of the program and how it works. Your local newspaper is an inexpensive way to advertise this program as well. The more awareness you bring to the program, the higher your potential for revenue.

Revenue Options

You can select how you want to run your Corporate Derby Challenge by determining your goals, expectations, and the level of involvement. The revenue options provided represent the revenue and profit potential based on 10 teams.

The numbers are approximate values and can differentiate based on many factors but are provided to show you the profit potential.

The Soap Box Derby Corporate Derby Challenge Program can help you conduct a quick and easy revenue stream to have a flourishing Derby Program. With the options available, you decide the level of your involvement. Contact the Soap Box Derby for more information at 330.733.8723.
