

The **BB&T All-American Soap Box Derby** is a Project of the Kiwanis Club of Bowling Green Foundation. This is a fundraiser for the community in which proceeds go to local kid-oriented charities.

**Super Stock Division:** The Super Stock division is for racers that must be nine (9) years of age by July 31 in the race year that they participate. They must not turn nineteen (19) years of age on or before July 31; not to exceed total weight (car/person) of 240. The Super Stock car, a lean-forward design, is sold as a kit which includes everything needed for racing with the exception of racing wheels and weights. Drivers have their choice of purchasing one of three colored shells: red, blue, and white. This car can be painted, have wraps, and/or decals on them. Builders should allow 3-5 hours to assemble a NEW Super Stock division car or 2-3 hours to rebuild one.

New Soap Box Derby Cars can be purchased through the AASBD website <http://www.soapboxracing.com/>. Also, check sites like EBay, Amazon.

**Estimated** Prices includes car, car kit, wheels, helmet, taxes, and shipping.

If you are borrowing a Soap Box Derby car from Kiwanis, the racer along with a parent/adult will need to attend one of the following Construction Clinics from 8am to 12pm to rebuild their car. Each borrowed car will include a helmet or you can purchase one for \$15. For borrowed cars, Parents can put their child's decal name on both sides of the derby car. The Kiwanis Club will transport the derby car to and from the Construction Clinic. If purchasing a new derby car and need assistance with construction please pick one of the clinics.

- March 26<sup>th</sup> – Kid's Day at the Track - get information, registration, and test drive a derby car
- April 9<sup>th</sup> & 23<sup>rd</sup>, can test drive derby car down the track when car is completely assembled
- Kiwanians will have tools at the clinic, but in case of a high turnout here is a list of Helpful Tools to bring with you: 7/16 wrench (2), ½ wrench, screwdriver/cordless drill with phillips and flat-head bits.

**Check List**

- Pick up a 2016 Derby Schedule
- Build a derby car. Please note if you have raced previously and you are in the same derby car, you do not have to rebuild it. It is a good idea to make sure the alignment is good and everything is fasten down tightly.
- Complete registration forms including birth certificate and Bio sheet.
- Registration fee of \$45. This includes racing in the derby, event t-shirt, racer's plaque w/ photo, 2 tickets to the Racers Banquet. Extra shirts and banquet tickets are available for \$10 each.
- Test Drive your derby car down the track, this can be done at the constructions clinic and on Impound Days
- Read the Derby Rules [www.aasbd.org](http://www.aasbd.org)
- Check in at one of the Impound Days
- Most Importantly: HAVE FUN RACING
