

The BB&T All-American Soap Box Derby is a Project of the Kiwanis Club of Bowling Green Foundation. This is a fundraiser for the community in which proceeds go to local kid-oriented charities.

Master's Division: The Master's division (aka Scottie) is for racers that must be ten (10) years of age by July 31 in the race year that they participate. They must not turn twenty-one (21) years of age on or before July 31; not to exceed total weight (car/person) of 255. Because of the lay-down design of the Masters Car, smaller drivers can also compete in this division. The Master's car is sold as a kit which includes everything needed for racing with the exception of racing wheels and weights. This car can be painted, have wraps, and/or decals on them. Builders should allow 3-6 months to assemble a NEW Master's division car or 2 to 3 weeks to rebuild one.

New Soap Box Derby Cars can be purchased through the AASBD website <http://www.soapboxracing.com/>. Also, check sites like EBay, Amazon.

Estimated Prices includes car, car kit, wheels, helmet, taxes, and shipping.

PLEASE NOTE: Unlike the other divisions, Kiwanis Club does not have Master's cars to borrow. In addition, this car cannot be built at a construction clinic. The construction of this car must be done in a location equipped to construct the fiberglass body.

Check List

- Pick up a 2016 Derby Schedule at any BB&T branch
