

The "Local Championship Race" hosted by New Hampshire Soap Box Derby (NHSBD) brings together participants from across the state to determine who will progress from NH to compete in the All-American SBD on July 21 in Akron, Ohio. As a youth education & development organization, the NHSBD has encouraged boys & girls ages 7 to 20 to build then race in their gravity-powered cars since 1939.

The race on June 3rd will mark NH's 75th anniversary. Restoring 14 cars would double the number of Stock racers from 2017. These weathered cars have been in storage since 2009 and are constructed from 2000 era kits – they need updates to current standards for about half of a new car kit cost. Part of the campaign will also provide a racing scholarship for racers in financial need.

Contributions to restore these cars can be made by check to:
New Hampshire Soap Box Derby, % Dick Behan/Race Director, 118 Grove Street, Dover, NH 03820.
Electronic forms of donation are also available through organizations such as PayPal and WePay,
please contact the NHSBD Treasurer by email newhamshire@soapboxderby.org or Facebook [@nhsoapboxderby](https://www.facebook.com/nhsoapboxderby)
