

COVID-19 Effects on Soap Box Derby

March 23, 2020

On Sunday, March 22, Governor Mike DeWine and officials from the Ohio Department of Health issued a statewide “stay at home” order. Based on this order, the International Soap Box Derby’s shipping department will be closed through April 6 and ISBD staff members will be working from home.

Customers will still be able to order parts through the online store but, will not be shipped until the week of April 6.

Storage customers will be contacted individually for scheduled pickup dates to begin April 6.

All ISBD team members have access to their phones and email and will be responding in an appropriate time.

The Soap Box Derby’s highest priority is the health and safety of its racers, volunteers, donors, community partners and staff. We continue to closely monitor the developing situation with regards to COVID-19 each day.

For general email submissions please send to soapbox@soapboxderby.org.

For general email submissions, please send to soapbox@soapboxderby.org .

We appreciate your patience and understanding and look forward to getting back to racing as soon as possible!
