**88th FirstEnergy All-American Soap Box Derby
Derby Downs – Akron, Ohio
July 12 - 18, 2026**

Dear Friends of the FirstEnergy All-American Soap Box Derby:

We are thrilled to be welcoming nearly 300 young racers from around the United States and from Canada and Japan to Akron to compete in the 88th FirstEnergy All-American Soap Box Derby at Derby Downs on Saturday, July 18. They will race in Stock Car, Super Stock and Masters Divisions, vying for a share of \$36,000 in Bill Speeg Memorial Fund college scholarships.

We are proud to have Akron-based FirstEnergy Corp as our title sponsor and partner as we continue to enhance the Soap Box Derby experience for more youngsters and their families.

Once again, hundreds of volunteers from the Greater Akron area and communities from throughout the country are giving unselfishly of their time and talents to ensure another safe and successful Derby Day. On behalf of the entire Derby organization, we salute and thank all of them. We also appreciate the hundreds of volunteers who work in local communities around the world staging Soap Box Derby competition to determine the champions who come to Akron this week to participate in Saturday's races.

We are extremely grateful for the support from the City of Akron, the County of Summit, the Greater Akron Chamber and business and community leaders who have come together to help strengthen this valuable youth racing program.

Another great week of Soap Box Derby activities is upon us. We are confident it will be a rewarding experience for all the participants, their families, race fans and the Derby staff.

Welcome to Akron for the 88th running of the Greatest Amateur Racing Event in the World!

Sincerely,

Dennis VanFossen Jr.

President and Chief Executive Officer

Services

The public relations staff is eager to provide any help you need in your coverage of the 88th FirstEnergy All-American Soap Box Derby. Please do not hesitate to ask questions or request assistance. The staff will supply up-to-date information on all Derby activities during the week and will issue releases or statements concerning any special news developments. On Saturday, heat-by-heat results will be available online throughout the day and at the conclusion of the race.

Hours of Operation

The media office at Derby Downs will be open from Monday, July 13 through Saturday, July 18 and during the 88th All-American race.

Credentials

Appropriate credentials should be picked up at headquarters before 3 p.m., Friday, July 17 or on Race Day—Saturday, July 18. The press badge allows access to the area between the grandstands and the track from the starting line to the finish line and run-out area.

WHAT

STORY OF THE FIRSTENERGY ALL-AMERICAN SOAP BOX DERBY

The idea of the Soap Box Derby grew from a photographic assignment of Dayton, Ohio newsman Myron Scott. He covered a race of boy-built cars in his home community and was so impressed with the event that he acquired a copyright for the idea and went in search of a sponsor for a similar program on a national level.

Chevrolet liked Scott's proposal and agreed to sponsor the first All-American Soap Box Derby in Dayton in 1934. The following year, the race was moved to Akron because of its central location and hilly terrain. The first race in the city was run on Tallmadge Hill. In 1936, Chevrolet and Akron's civic leaders recognized the need for a permanent track site for the youth racing classic. That year, through the labors of the Works Progress Administration (WPA), Derby Downs in southeast Akron became a reality.

The Soap Box Derby ran continuously from its inception until the onset of World War II. After a four-year suspension, the youth racing event resumed in Akron in 1946, and had been held every year until 2020 when the racing season was interrupted by the pandemic. From its beginning through 1970, the Soap Box Derby was open to boys only. Girls began racing in 1971.

After Chevrolet discontinued its sponsorship following the 1972 race, all trademarks and copyrights for the event were transferred to the former Akron Area Chamber of Commerce. The Chamber itself managed the 1973 Soap Box Derby, then in 1974 assigned rights for the All-American program to the Akron Jaycees. To operate the Derby program, the Jaycees established International Soap Box Derby Inc., the organization that continues today. The corporation's affairs are administered by a board of directors of community leaders from Akron and other cities.

In 1976, the All-American Derby program created a new Junior division, in which youngsters aged 10 through 12 competed in Kit Cars. In 1981, for the first time, some of the Junior champions raced in cars built with fiberglass body shells provided by Derby headquarters; beginning in 1984, a similar shell was available for senior cars. In 1992, the novice Stock Car division was introduced in which 7- to 13-year-olds build ready-to-assemble fiberglass cars. Super Stock ready-to-assemble cars for larger youngsters replaced the Kit Cars in 1995. There will be three racing divisions on Saturday: the Stock Car, Super Stock and the traditional Masters Divisions. Division contestants will compete for a share of \$36,000 in Bill Speeg Memorial scholarships.

Since 2012, FirstEnergy Corp., the Akron-based diversified energy company, has been the organization's title sponsor. Additional program income comes from race city agreement license fees, sales of Derby car kits and other supplies, as well as financial contributions from businesses, charitable foundations and individuals.

The FirstEnergy All-American Soap Box Derby racing program is one of two youth initiatives of International Soap Box Derby, a non-profit youth education and leadership development organization. The other initiative is the STEM-based education program for K-12 youth. The organization's mission is to inspire the next generation of racers, to bring STEM education out of the classroom, to promote the Soap Box Derby experience and to cultivate lifelong skills and character. The Derby program's core values include perseverance, sportsmanship, community, leadership and collaboration.

WHERE

DERBY DOWNS

Derby Downs is celebrating its 90th birthday this summer! Akron's famous Derby Downs was built as part of the Works Progress Administration (WPA) in 1936. It has been the home of the All-American Soap Box Derby for 86 of the event's 88 years. The track was built after Derby officials and Akron civic leaders determined that the annual race classic needed a permanent facility. It lies against a natural hill on the eastern fringe of Akron Fulton International Airport.

Derby Downs is a sports arena that is a center of activity and interest for Derby rallies and local races leading up to All-American Soap Box Derby Day, as well as corporate outings and special events. On the west side of the track's run-out area is the Derby organization's headquarters building, which was completed in 1992. The Derby program's year-round administrative staff operates from the headquarters.

There is a garage and service area at the top of the hill which serves as car storage and the "service pit" area during Race Week. A storage building on George Washington Boulevard, funded by Summit County, was added in 2001. The Hall of Fame and Museum, containing many of the world championship cars over the years and plaques for Hall of Fame inductees, is displayed in this building. The white Topside facility is the site of the Derby program's assembly and shipping operations for the car kits and other components purchased by race organizations and individual contestants.

The grounds are owned by the City of Akron, which in 1999 contributed \$1.3 million to replace the aging wooden grandstands with metal bleachers and to repave the entire length of the track. The track was repaved most recently for the 2021 race. Other recent improvements include a new sidewalk on the west side of the track, new signage has been installed around the facility and installation of new starting line ramps.

In 2000, a two-deck steel structure replaced the three-level bridge that had stood over the finish line since 1937. The bridge, funded by a \$250,000-grant from Summit County, houses race control operations, judging, record-keeping and media covering the event.

The current bridge is 35 feet, seven inches past the former finish line, which lengthened the official track to 989 feet, four inches. To obtain the propulsion that produces exciting races, the track's decline is separated into three stages. The first 53.75 feet carry a 16 percent grade, meaning a drop at the rate of 16 feet for every 100 feet. There follows a six percent grade for the next 530 and a two percent drop over the remaining 405.5 feet.

The Starting Line Facility was added in 2012 through a donation from Marous Brothers Construction, and a permanent sound system for the track facility was installed in 2013 through a grant from the Northern Ohio Golf Charities Foundation. A new addition in 2019 was the electronic board on the bridge to display messages and race results, through contributions from the Corbin Foundation and individual donors.

The track itself is as safe as experience and engineering can make it. The 30-foot-wide track is bordered by guardrails. The 1,200-foot run-out area beyond the finish line is an additional safety precaution. Parallel lines on the full length of the track serve as guides for the young drivers.

TRACK RECORDS: At the pre-2000 track length of 953 feet, nine inches, Ed Myers of Conshohocken, Pa., set the track record of 27.10 seconds in 1974. He finished third in the All-American that year. The record at the current 989 feet, four inches is 27.946 seconds set in 2025 by Cayson Hayes, 17, of Conneaut, Ohio. He finished third in the Rally Masters division at the 87th All-American.

THE ROAD TO AKRON

The road to Akron can be winning just one single race, or it can be an entire season of racing on many tracks. There are hundreds of local Soap Box Derby racing events held around the globe every year. Once a champion qualifies for the All-American race in Akron, it's certain to be a fun-filled experience with memories to last a lifetime.

There are two qualifying roads leading to the FirstEnergy All-American Soap Box Derby each July. Communities across the world hold local Soap Box Derby races. Local races are held once a year and are licensed by the FirstEnergy All-American Soap Box Derby. These are dedicated races for children who reside within the community sponsoring the local race. Racers are only permitted to compete in one local race per season and can only become a champ once in each division. The winner of each division of a local race is in Akron to represent his or her race city to compete against champs from across the world.

The other route to Akron is a well-traveled road. Rally races are held throughout the year on weekends. Participants can race in any All-American sanctioned rally race anywhere in the world and accumulate points. The rally season starts June 1 each year and continues through May 31.

Drivers who accumulate certain levels of points during the season and meet all criteria are invited to the All-American Soap Box Derby World Championship races to compete against other rally champions for the world title. There are 12 rally districts in the United States plus an International district. The rally champ represents the district in which they reside.

Both categories of champions are invited to the national competition. During race week, all champs will participate in the same activities. On race day, local champs will compete against each other, as well as rally champs competing against each other. At the end of race day, there will be three All-American local world champs and three rally world champs.

WHO RACES IN EACH DIVISION?

There will be races in three divisions on Saturday. The **Stock Car** category, introduced in 1992, features a ready-to-assemble race car similar to popular ready-to-assemble desks and other furniture. The Stock division is open to boys and girls ages 7 through 13.

In 1995, the **Super Stock Car** division was added. These cars are similar to the Stock division, but are larger to accommodate larger youngsters ages 9 through 18.

The **Masters** division cars are the traditional sleeker, more sophisticated cars. In 2000, the Derby organization introduced the first car kit for the Masters division. Masters participants are 10 through 20 years old.
