This program is intended to:

- Encourage consistent and competitive participation throughout the rally season.
- Motivate and establish a culture of continued improvement among derby racers at all levels of expertise.
- Provide continued motivation for racers to participate in rally competition even after earning a guaranteed World Championship invitation.
- Promote fair, honest competition in which every heat is completed with genuine effort and intent.
- Support authentic participation that reflects the true spirit of Soap Box Derby racing.
- Recognize and celebrate racers who demonstrate outstanding performance and commitment throughout the season.
- Maintain a respectful racing environment free from coercion, race manipulation, or any expectation that a competitor intentionally alters the outcome of a race.

QUALIFYING

- Eighteen (18) racers per division will be invited.
 - All-Star participants must be attending FEAASBD World Championship Race Week as a Local or Rally Champion in order to compete in the All-Star event.
 - Within each region, the racer with the most first-place finishes in each division will receive an invitation.
- The remaining invitations are awarded to racers with the most wins nationally (*"At Large"*).
- Should the Regional racer with the most first-place finishes decline the invitation or be unable to compete, the next racer in the same division from the same region with at least one win and 120 rally points will receive the invitation. If the next highest racer in that region does not qualify, the invitation will be awarded to the next highest-ranked *"At Large"* racer in the same division.
- A maximum of three (3) racers per region may qualify.

Tie breaker determination:

- 1st Number of participants the racer competed against in all their first-place races

* This pattern will continue until the tie is broken.

ALL-STAR
